## FOSTERING SAVES LIVES

Thanks to your support, CAT's foster program saves thousands homeless kittens who are too young for adoption and helps cats and kittens who need special care prior to adoption.

As we take in more felines with medical or behavior needs, the need for specialized foster care has grown. In fact, foster care for sick animals increased 173% in the past two years, while foster for socialization increased 39%. And nearly twice as many adult cats are going into foster care. Our foster volunteers have stepped up to the task. This year, fostering accounted for 48% of all our volunteer time! With an incredible team of foster homes and generous donor support, the foster program saved nearly 400 more kittens and cats in 2019 than in 2018.
