

Cat Adoption Team's mission is to save the lives of homeless cats and to work with our community to provide feline expertise and quality programs and services for people and cats. This report highlights some of the ways we delivered on this mission in 2023.

We once again increased our spay/neuter capacity, performing more surgeries than we have in over a decade. We also doubled support for cats served through our Keeping Cats in Homes program; performed assessments of our volunteer and foster programs; and made progress on diversity, equity, and inclusion goals, including translating adoption documents into Spanish and improving website accessibility.

Such achievements are possible because of the support and efforts of our entire CAT family. Thank you for saving lives with us!
